

GoHunt

Patty Stacker

GoHunt **Industrial Patty Stacker**, crafted with stainless steel and food-grade engineering plastics, stacks frozen, formed products automatically, including burger patties, fish patties, vegetable patties, pork chops, cookies, and potato pancakes. The patties are positioned one behind the other, ensuring quick loading into packaging boxes. With customization options based on the actual requirements such as shape, size, and production capacity, the automatic stacker can be tailor-made, offering a versatile solution for your stacking needs.
